Trexin Event Summary

June 22, 2015

MarkLogic World – Chicago

On June 2, 2015 Trexin participated in MarkLogic World Chicago at the Rosemont Convention Center. The event was a great success! Jon Waddell, Trexin Chief Technology Officer sat on MarkLogic's Partner Panel and shared his thoughts on the challenges and successes companies have in sorting through so many disparate data sources to solve critical business problems. His description of Trexin's ability to guide our clients to simplify their view of data with tools from MarkLogic was well received by the audience, partners, and the MarkLogic team. The panel was moderated by Rob Bowlby, Senior Director, Alliances for MarkLogic. Jon was joined on the panel by Paul Lilford, Channel Director, Technology Partners for Tableau, Jim Morris, Information Architect for Smartlogic, and Daniela Zapata of Avalon Consulting.
